MRD Supplement 1  
to ER 1110-2-107

Engineering and Design  
CLASSIFICATION OF CIVIL WORKS WATER  
RESOURCES PROJECTS IN SUPPORT OF MOBILIZATION

Issue of further supplements to this regulation by subordinate commanders is authorized.

ER 1110-2-107, 22 February 1982, is supplemented as follows:

Page 3, paragraph 6a Add the following:

The Planning Division, at the District will provide mobilization classification for General Investigation Studies to the District Program Development Office for inclusion. The Engineering Division at the District will provide mobilization classification for projects under construction and completed projects subsequent to coordination with Planning, Construction and Operations Divisions. The District Program Development Office will notify the Division upon change of classification category of a project, or inclusion of a new project with mobilization classification into the CWIS. The Program Development Office at Division will provide a copy of the data submitted to the Emergency Management Division, who will circulate the information for comment. Nonconcurrences with the classification category will be resolved, either by acceptance of the classification or by directing a change to the District. For projects classified as Category IV, see paragraph 6c below.

Page 4, paragraph 6b Add the following:

If the District Commander recommends a small project in the Continuing Authorities Program for a Category I or II classification, ENG Form 4725R will be provided to the Emergency Management Division at the Division. Upon receipt of this information the recommendation will be staffed, and if approved by the Division Commander, copies will be forwarded as stated.

Page 4, paragraph 6c Add the following:

The fact sheet referred to, ENG Form 4725R, will be prepared by the District and forwarded to the Emergency Management Division at the Division. Appropriate distribution will be made after staff review and approval by the Division Commander.
